

Small stoves for small spaces

# About Us

Salamander Stoves is a small, family-run business specialising in the manufacture and design of our highly efficient Hobbit stove and Little Range.

Our small but powerful cast iron multi-fuel stoves are DEFRA exempt by Gastec Ltd in the UK, and they meet the 2022 Eco Design regulations. The Hobbit SE and the Little Range have passed the clearSkies mark and the HETAS Cleaner Choice Scheme. Each stove is hand-finished at our Devon workshop.

Our philosophy is simple; to provide a top quality, well-designed product at a competitive price, which is backed up with excellent customer service.

The certification mark for Energy and Emissions performance for domestic wood and solid fuels stoves and fireplaces

# Home of the Hobbit Stove

Our Hobbit stove is the ideal choice for small fireplaces, where larger stoves simply won't fit.

- 4.1kW output
- 81.4% efficiency
- Clean Burn & Airwash
- Eco Design 2022 Approved
- The Hobbit SE is DEFRA exempt and it has passed the clearSkies mark and the HETAS Cleaner Choice Scheme
- H 465mm x W 302mm x D 272mm
- Ash pan & multi-tool included
- Top or rear flue exit
- 100mm/4" outlet

The Hobbit stove is a multi-fuel stove, suitable for burning wood, coal, smokeless fuels or briquettes. It has a pre-heated tertiary air intake and pre-heated secondary combustion technology. Every Hobbit stove comes with a 5 year warranty when you register your stove with us.

# Options & Colours

The Hobbit stove comes in matte black as standard, but we also offer the unique ability to customise your stove with your own choice of colours!

The stove doors and the airflow wheel can be painted in a wide range of different colours, giving you complete freedom over the character of your tiny wood burner.

You can also equip your stove with the following options:

- Stand
- Coal bars
- Brass fittings
- Heatshields
- Direct air intake
- Stainless steel cooktop
- Side boiler
- Gallery rail
- Enclosure

The Little Range offers the same great features as the Hobbit stove, combined with a larger stainless steel cooktop and a good-sized oven. The Little Range is also capable of producing the entire off-grid heating and hot water supply for your tiny home or off-grid cabin!

- Multi-fuel stove
- 4.3kW output
- 85.7% efficiency
- Clean Burn & Airwash
- DEFRA exempt and Eco Design 2022 Approved
- clearSkies mark and HETAS Cleaner Choice Scheme compliant
- H 630mm x W 715mm x D 400mm

---

#### **Additional Options**

- Choice of splashbacks
- Coal bars
- Side boiler
- Direct air intake
- Heatshields

The Little Range comes with a 7 year warranty when you register your stove with us.

The Hobbit stove's excellent performance combined with its traditional yet elegant styling, and its superb value for money, has led to our little stove finding a home in countless small spaces and tiny homes! From cabins to canal boats, shepherds' huts, garden rooms, campervans, tiny homes, horseboxes and more!

Visit our website to find your local dealer, or to find out more about our stove options, accessories and bespoke flue kits.

For every Hobbit stove or Little Range that you purchase, we will also fund the planting of 3 trees!
